Subject: RIII UCMR3 Detects Reported Since 2/22/2016
Attachments: 2016_2_29 PFOS no change.xlsx; 2016_2_29 PFOA no change.xlsx; 2016_2_29 1,4-Dioxane 3 new detects.xlsx; 2016_2_29 1,2,3-TCP no change.xlsx

Rick, Karen, and Karrie,

Regarding the UCMR3 monitoring results from large water systems within RIII, three new detects of 1,4-Dioxane were reported to EPA during the past week.

Regarding the UCMR3 monitoring results from small water systems, EPA Technical Support Center will soon post the update at the EPA's website this week. Once the data becomes available, I will create and share the Pivot Tables.

As before, attached for your information are RIII detects (> Minimum Reporting Levels) of the four contaminants of interest. The data are cumulative since Jan. 2013 when the UCMR3 monitoring began.

Please let me know if you have any questions.

Thanks.

Michelle
X4-5258

1,2,3-TCP: No new detect.

1,4-Dioxane: 3 new detects.

PA3390081	Whitehall Township Authority	EPTDS from Mickley Gardens	9/9/2015	1,4-dioxane	0.16	ug/L
PA3390081	Whitehall Township Authority	EPTDS from HuberWell	9/9/2015	1,4-dioxane	0.09	ug/L
PA3390081	Whitehall Township Authority	EPTDS from Malitsch Well	9/9/2015	1,4-dioxane	0.08	ug/L

PFOA: No new detect.

PFOS: No new detect.
